

# LIAM RICKMAN

GAMES DESIGNER (STUDENT)

## PERSONAL STATEMENT

I am a hardworking and motivated student studying Games Design and Production at Abertay University. I have had a huge interest for games for many years and went to college to spark my passion for creating games. I work well under pressure and can work in both team and individual environments to get a job done to a high standard, in a professional manner. I communicate effectively, and enjoy taking on new challenges, especially those that improve my skills.

## WORK EXPERIENCE

### Customer Service Assistant

Scotmid Cooperative, Laurencekirk, Scotland |

Sep 2018–Aug-2019 / Jul 2021 - Present

- I have worked at Scotmid twice, with a break whilst I was living in Dundee for Abertay University. Working here has helped improved my teamwork and communication, vital for a many jobs.
- I have many responsibilities working here such as maintaining the instore bakery, keeping the shop clean and helping the customers.

## EDUCATION

### Abertay University | BA Games Design and Production

Abertay University, Dundee, Scotland | Aug 2019–Present

- Studying at Abertay has greatly improved my games design skills. I have studied most aspects of game design including, programming, art and producing.
- I have achieved high grades whilst studying here with average grades of B in Year 1, and A in Year 2.

### Dundee and Angus College | HNC Computer Games Development

Dundee and Angus College, Dundee, Scotland | Aug 2018–Jun 2019

- Studying at college let me discover if games design was the career I wanted to pursue. I was introduced the games industry and quickly decided it was the industry for me. I achieved an A for my final grade.
